

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

Model : INA-W900BT

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

Manufacturer : Alpine

Alpine INA-W900BT 7" All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT) The Alpine INA-W900BT All-in-one Navigation/Audio/Video System is equipped with built-in navigation that is fully integrated with your

audio and video system for added convenience to make your drive more enjoyable. A simple menu and elegant display, make source selection and accessing functions quick and easy with the touch of your finger.

Distinct brilliant icons and direct access menu buttons all on a responsive 7" WVGA, 1.15 million pixel touch-control screen, take the guess-work out for an effortless experience. Operating your audio, video, and navigation controls has never been easier.

Effortless to the Touch

The More Maps, the Merrier

The INA-W900BT offers reliable navigation with preloaded NAVTEQ map data of the United States and Canada, including Alaska, Hawaii, Puerto Rico and the Virgin Islands, which translates to maps galore. Choose from different intuitive map view options, such as 3D mapping, 2D full map, split map, and turn-by-turn arrow view. This unit also features Alpine's exclusive Graphical User Interface with intuitive screen graphics, so it's easy for you to find your way. Get quick and easy directions from start to finish.

Quick-draw: Boot-Up Time that won the West
Don't get stuck with painstakingly long boot-up times when it comes to starting up your system. With the Alpine INA-W900BT, the unit is operational in 6 seconds so you can access your system.

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

That means you can listen to music right away and navigation loads up quickly so you don't have to spend time dawdling before entering your destination.

More importantly, if you have a rear camera installed, you can back up safely almost immediately. After a smooth load-up, quickly access

menu's and you're on your way in no time.

Navigation Integrated on the Audio Screen with GuideView Window

Exclusive to the INA-W900BT, Alpine's new GuideView Window gives you a

convenient picture-in-picture navigation window while the unit is in

audio display/mode. If you input a destination, the GuideView Window

will display the next maneuver as you head towards your destination.

Even when you are not routing towards a specific destination, the

GuideView Window will display a digital compass, current street or

freeway you are travelling on, and city/state you are currently driving

in so you always know where you are headed. This versatile functionality

allows you to efficiently view and control your music playback and

still view your next turn, without having to exit out of your audio

screen.

Quick Access Buttons

For control of the most frequently used audio and navigation menus,

firm buttons located on the outer frame on the bottom of the screen give

you instant access. If you prefer your navigation to display on the

entire screen, hit the hard-key MAP button to quickly load your map and

turn-by-turn maneuvers on the 7" display. Jump back to your audio

screen using the AUDIO button. The SOURCE button always brings you to

the source selection screen so you can switch easily from one source to

another. These hard buttons are available no matter what screen you are

on, so you always have access to commonly used functions.

Accuracy? OnPoint has your back

The INA-W900BT uses Alpine's OnPoint Advanced GPS

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

Positioning. This ensures that your vehicle stays accurately positioned on the map even in areas where it's difficult to receive GPS reception, such as in a tunnel or around tall buildings. OnPoint simultaneously uses three technologies - satellite-linked positioning data, gyro sensor technology (to determine the vehicle's direction) and accelerometer technology (to gauge the vehicle's speed) - resulting in continuous coverage of the location of your vehicle.

Let Alpine Lead the Way

With turn-by-turn instructions by Text-to-Speech (TTS) technology

delivered by Loquendo, street names, freeway numbers and freeway exit

names are announced clearly out loud. Directions are available in

English, Spanish, or French. With a unique database of 6 million POI's

(Points of Interest), you can choose from a plethora of places to go,

whether you're hungry and looking for a place to eat, or need to fill up

at the nearest gas station! Assistive mapping visuals display essential driving information such as One-Way Street icons and Highway

Junction View for maneuvering complex interchanges. These extra

navigation features help guide you right to your destination!

Superior Sound Quality

For unrivaled sound quality, expect nothing less than the best.

The

INA-W900BT uses the latest Burr-Brown 24 Bit DAC for ultimate sound

quality with all your digital media sources. For the true sound enthusiast, the INA-W900BT is also compatible with the PXA-H100 IMPRINT

processor, an upgrade that we give you dynamic, powerful sound. The

INA-W900BT is simply the foundation. The entire system you build off of

it can achieve the maximum sound you are looking for. Be sure to visit

your local Authorized Alpine retailer to learn more about the ideal

sound set-up for your vehicle.

The Best In-Vehicle iPod Experience

As a "Made for iPod" Apple member, Alpine brings you the

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

best
in-vehicle iPod experience. Designed with the iPod lover in
mind, the
INA-W900BT gives you instant access to all your iPod
favorites - music
and movies. Album artwork, as well as artist, song, and
album
information are displayed right on the screen.

Made for iPod / Works with iPhone
It's convenient to control your iPod or iPhone in the car –
enjoy
seamless operation of your iPod in addition to full control of all
your
favorite media sources. Control all search options of your iPod
directly
from the INA-W900BT, via Playlist, Artist, Album, Song,
Genre, Podcast,
or Composer. The USB connection allows for high-quality
iPod playback
and delivers an even faster access speed so you'll find songs
as quickly
as you expect to find them on your iPod

Get access to and control of all the songs from your iPhone
right
from the head unit! Large music libraries are no problem with
a faster
connection speed and QuickSearch featuring Alphabet
Search, you can
easily to scroll through long lists of music by skipping through
the
letters of the alphabet. Once you find the letter you want, you
can jump
to the exact song!

Super-Fast USB Connection

The INA-W900BT uses a USB connection (USB-to-iPod cable
included) for

newer iPods that provides ultra-fast digital data transfer so
songs and
video are loaded instantly through the receiver, on-screen.

Thanks to

USB, you can also alternatively plug in a USB thumb-drive
loaded with

music, instead of your iPod or iPhone.

*USB connection is compatible with iPods (5th generation),
iPod

classic, iPod touch, and iPod nano (1st, 2nd, and 3rd
generation). Now

that we have the guidelines and go-ahead to use

iPod Video Control

You can also view and control your iPod movies from the IN

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

A-W900BT

screen, using the supplied USB cable, without any additional adapters.

Keep your kids and passengers happy with all their favorite videos

stored right on your iPod. With Dual Zone you can control your iPod

video from the front seat, while your passengers view their videos and

movies from the comfort of an optional Rear Seat Entertainment system.

Have lots of music? Find it fast! With Alpine's exclusive Quick Search technology, you'll be able to find what you want, the quickest

and easiest way possible. With so many ways to listen to thousands of

songs, now you can get super-fast access to playlist, artist, album,

song, podcast, genre and composer, even use Quick Search to access your

radio stations. Large control buttons and a Touch Screen make it easy to

search all sources, including iPod, Satellite radio and HD radio. No

interruptions, while you search, so you can keep enjoying your music.

Music via USB

More music with USB. With the INA-W900BT's USB connection you can

alternatively choose to connect USB storage devices or MTP USB music

players so you can enjoy even more music. Search and play all your music

files.

Automatic Time Synchronization

No need to worry about figuring out how to set up this clock manually. After the first time you launch and accept navigation mode,

the clock syncs up with the internal navigation system, so it automatically adjusts to your time based on your location.

Whether you

are in Hawaii or New York, the INA-W900BT will adjust and display the

appropriate time so you don't have to.

Selectable Background Color

In a different mood? Feel like changing up the background

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

color to match your interior? The INA-W900BT offers four different display base colors to choose from under the settings including blue, red, green, and amber.

Did Someone Say More Entertainment?

The INA-W900BT has got you covered. It's set for DVD, CD, MP3, AAC, WMA playback with a 7-inch WVGA touch-screen with a 1.15 million-pixel display. The INA-W900BT is versatile to serve as your media center over all in-vehicle digital media sources, all at the touch of your fingertip.

WVGA Display and Enhanced Graphical Interface

Talk about wow! This display is the best screen Alpine offers. The

INA-W900BT's 7-inch WVGA touch-screen monitor gives you easy access and

control of all your favorite media sources. The INA-W900BT features

Visual Enhancement, a new technology that provides a more balanced

picture, not over-emphasizing dark or light areas, so movies are seen

with greater clarity. All of the graphics are crisp, clean, and modern

for your viewing pleasure.

Multiple System Expansion Options

Expand your media – the INA-W900BT receiver is equipped to add on additional media sources to enjoy services like Bluetooth Wireless Technology, HD Radio, Satellite Radio, DVD Changer, and other auxiliary sources.*

*Accessories and/or subscription may be required.

Bluetooth Wireless Technology

Bluetooth Adapter Included! Don't be distracted making or receiving phone calls while driving and say goodbye to uncomfortable headsets and earpieces. Get the convenience of carrying on phone conversations in your car, hands-free!

This unit is equipped with Bluetooth Wireless Technology and a

convenient phone button available on the receiver. Just pair up your

cell phone with the INA-W900BT by pressing the phone button. You can

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

access your phone book to make calls to your contacts right from your cellphone. Now make and receive phone calls conveniently with both hands on the wheel and your eyes on the road.

Get:

- Caller ID • Address book • Auto-Answer • Auto-Connect • Missed / Dialed / Received calls

Quick tip: Press and hold down the [MUTE] button on this unit to get quick access to the direct telephone menu.

Upgrade your Sound

Upgrade your INA-W900BT with IMPRINT by adding the PXA-H100.

Alpine has combined their in-vehicle sound system expertise with

Audyssey's acoustical technology to deliver a sound system hardware-plus-software platform with breakthrough equalization technology. IMPRINT automatically overcomes the car's inherent

acoustical challenges, and improves the sound stage, tonal balance, and definition for better sound faster.

Need a power boost?

Add the KTP-445

Head Unit Power Pack! It delivers a true 45W x 4 RMS power and is

compact enough to install behind the INA-W900BT. It plugs right inline

with the INA-W900BT's wiring harness so you don't even need additional wires.

All Digital HD Radio

Alpine does HD. Get all the music and programming you want to hear in crystal-clear digital format.

FM stations with CD-quality sound, AM stations with FM-quality sound, and virtually no distortion. With multi-casting capability HD1, HD2, and

HD3, you'll hear more talk and music content from the stations you already receive.

iTunes Tagging Get New Songs on the Go

The INA-W900BT is enabled for iTunes Tagging. Add

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

Alpine's HD Radio module, and when you hear a song you like, simply press the on-screen [Tag] button that appears below the song information. This iTunes Tagging feature lets you Tag songs you hear on HD Radio stations and stores the info on your iPod. The next time you connect your iPod to iTunes, you will be able to preview your selections and then purchase and download them from directly from iTunes.

Satellite Radio Ready Satellite Service

With over 130 channels, SIRIUS XM brings you more of what you love.

Get the most commercial-free music, plus all your favorite sports, news, talk and entertainment. Alpine brings you the option of both, all from the convenience of your vehicle with the following expansion options.

SIRIUS Satellite Radio

The home or 100% commercial-free music. Every NFL game, every NASCAR race, college sports and more. Visit SIRIUS for program and subscription information. The Alpine KCA-SC100KCA-SC100 connects to the new line of SiriusConnect™ tuners and docks such as the SCC1 and the SCVDOC1.

SiriusConnect interface enables control and playback of a SIRIUS

Portable, Dock & Play or Hide-away tuners directly from the INA-W900BT. With the KCA-SC100 get automatic Game Alert and Song Alert

services, plus convenient program replay and pause functions. The

XM Satellite Radio

Commercial-free music from ever genre. Every MLB and NHL game, NBA

coverage, the PGA Tour Network and more. Visit XM for program and subscription information. The INA-W900BT works with the XM Direct 2 and

XM Mini Tuner solution to add XM radio.

Now you can add "The Best of SIRIUS" to your XM subscription or "The

Best of XM" to your SIRIUS subscription to get the best of both worlds –

visit SIRIUS or XM for more programming details. Separate

Alpine INA-W900BT All-in-one Navigation/Audio/Video System with Bluetooth (INA-W900BT)

hardware

listed above sold separately, subscription fees apply.

Safety First

The INA-W900BT is equipped with a direct camera input so you can add a

rear view camera to your vehicle to make your drive easier.

See what's

behind your vehicle, right from the screen. With rear camera installation, the screen on the INA-W900BT will automatically switch to

your rear camera view. The HCE-C107D

works directly with the INA-W900BT for a clean and easy install. The

INA-W900BT also comes with an RCA adapter which can also be additionally

installed to accommodate the use of any aftermarket

RCA-adapter

friendly rear view camera, such as the HCE-C105 as well.

Steering Wheel Control

Replace the factory-installed head unit without loss of this convenient option. The INA-W900BT allows you the option of controlling

your head unit right from your factory installed steering wheel controls. (*third party adapter required). Use popular brand names such

as Soundgate or PAC to add this feature.
